

YE ARE THE SALT OF THE EARTH. YE ARE THE LIGHT OF THE WORLD.

A 5-DAY WORKSHOP WITH CHOREOCOSMOS

MUSICAL ACCOMPANIMENT BY
PIANIST AND COMPOSER MARCIA BURCHARD

June 19 – June 23, 2017

VANCOUVER WALDORF SCHOOL
2725 ST. CHRISTOPHERS ROAD
NORTH VANCOUVER, B.C., CANADA

Currently the earth appears dark to the cosmos, states Valentine Tomberg in his book *Christ and Sophia*. It glimmers only when human beings think and act selflessly. When illumined thoughts shine up from the earth, the earth circumstances become visible to the cosmos. A selfless spiritual community cultivates love and light that radiates into the cosmos. He says also that the human being cannot remain neutral. We must become 'salt', which is the active volition of our will. This human salt penetrates the earth with morality. We provide nature with the consciousness of the 'I'. When Christ permeates our volition and activity we participate in creating the fifth ether, the moral ether. This works as a constructive influence, imbuing nature with goodness.

Our workshop theme, "Ye are the Salt of the Earth, Ye are the Light of the World" will include a daily practice of dancing the Four Elements in silence, Choreocosmos dancing of the Nine Beatitudes to live classical music, singing, and the study of the Nine Beatitudes. The Nine Beatitudes are the path of schooling of the Etheric Christ. This path unites us with the Etheric Christ that we may become a leaven in our time and times to come.

Please join us as we gather this summer of 2017 as an act of volition, a deed of offering to Christ and to the earth towards the great work of participating in the flow of moral ether. The seed has been planted, and the spiritual world awaits our response.
