

The Fifth Light of Grace and the Interiorization of LOVE Facing the Two World-Destiny Streams of Our Time

A five-day workshop with Choreocosmos

June 4th-June 8th, 2018

Public lecture Sunday June 3rd, 7:00- 8:30 p.m.

Kelly's Barn
1360 Sumac Avenue
Boulder Colorado

The Fifth Light of Grace is angelic in nature and sacred in content. It streams to the Earth, penetrating all substance. Two primal world-destiny currents move through the history of humankind: a radiant stream and a dark stream.

We are participants in the mission of the Earth. What we do in this life bears significance for this mission, as well as consequences. Undistracted, we must follow the radiant stream.

The wisdom in the stars of 2018 and 2019 prepares us, through both warnings and blessings, to explore the mysteries of evolution now being unveiled.

"The Seven Last Words from the Cross in Preparation for the Descent to Shambhalla in Choreocosmos ~ Eurythmy"

**Cosmic Dance (Choreocosmos) comprises dancing the patterns of the starry heavens accompanied by music of the great composers. This art form derives from the cosmic aspects of eurythmy, awakening healing rhythms and harmonies through eurythmic gestures and forms. Participants cultivate a path toward spiritual awakening and an awareness of the weaving together of the cosmic dimensions of Love and Wisdom foundational to all creation.*

Robert Powell, founder of the Choreocosmos School, will not be with us in Boulder this year. The baton has been passed to those of us who strive to foster the continuity of his spiritual work in the world. We hope many of you will help us make this transition as we together plant seeds for the profound evolutionary shift now before us.
