

**CONNECTING HEAVEN AND EARTH
STAR MYSTERIES AND EARTH MYSTERIES**

**One full week workshop with Dr. Robert Powell in Assisi, Italy
focusing upon the Foundation Stone Meditation in Eurythmy**

(with Choreocosmos: Cosmic and Sacred Dance)

Saturday, 17 August – Saturday, 24 August 2018

**“Oasi Sacro Cuore” (Sacred Heart Oasis) Retreat Centre
Viale Vittorio Emanuele II, 5, 06081 Assisi, Italy**

**Musical accompaniment by violinist Vitale Cotofana
English/German – with translation into Italian by Uberta Sebregondi**

This year the workshop theme is **“Initiation into the Mysteries of the Starry Heavens and the Earth Mother”** with (weather permitting) observation of stars & planets.

During this seminar, Robert Powell will present some new research findings, especially relating to the year 2019 —a year during which a new relationship between the angels and humanity is beginning, opening a path through which we can reconnect with the cosmic and spiritual dimensions of what is taking place in the world at the present time, and offering an opportunity to connect spiritually with the stellar configurations. This direct interaction between the human being on Earth and the angels and other heavenly beings connected with the stars is intended to help toward developing the capacity to receive the wisdom-filled teachings of the angelic hierarchies, and to bring them into our earthly daily life. “As above, so below”.

The inspired movements of cosmic dance allow vital currents of life forces to flow inside and around us. One could consider sacred and cosmic dance as meditation in movement, leading to a connection with the highest aspects of the cosmos manifesting through the planets and the signs of the zodiac.

Central to this inspiration is the Foundation Stone of Love, which is Christ’s gift to humanity at this time of his Second Coming.

Musical accompaniment by violinist Vitale Cotofana will be joined later in the week by pianist Fabio Berellini for the Beethoven music (violin and piano) accompanying the Foundation Stone Meditation.

Robert Powell is an internationally known lecturer and author. After graduating with a Master’s degree in mathematics at England’s University of Sussex, he specialized in the history of astronomy and was awarded a PhD by the Polish Academy of Sciences for his thesis on the history of the zodiac. In 1982 he completed the training in eurythmy at the Goetheanum in Dornach (Switzerland). He does research into astronomy, astrology, and eurythmy, and he is a co-founder of the Sophia Foundation. He is also founder of the Choreocosmos School—the School of Cosmic and Sacred Dance. His writings include: *History of the Zodiac; The Zodiac: A Historical Survey; The Sidereal Zodiac; History of the Planets; History of the Houses; Hermetic Astrology, Vols. I + II; Christian Hermetic Astrology: The Star of the Magi and the Life of Christ*. He has also written *Chronicle of the Living Christ; The Christ Mystery; The Sign of the Son of Man in the Heavens; Divine Sophia—Holy Wisdom*; and produced the 6-tape set: *The Sophia Teachings*, also available as a book. His recent publications include: *The Mystery, Biography & Destiny of Mary Magdalene, The Astrological Revolution* (with Kevin Dann), *Christ & the Maya Calendar* (with Kevin Dann), *Elijah Come Again, Prophecy-Phenomena-Hope: The Real Meaning of 2012*, and *Cultivating Inner Radiance and the Body of Immortality*; he is also consulting editor of the yearly *Cosmology Reborn: Star Wisdom*.
