International Choreocosmos Week: twenty-first Graduation

A one week experiential course and also graduation of Choreocosmos students

—all are welcome—

Musical accompaniment by concert pianist Fabio Berellini

The entrance of Sophia into our solar system will signify a profound shift in our evolution, when this being of sublime majesty, beauty, celestial power, grace, and divine light and love will unite with the Sun at the start of the Age of Aquarius. Even now Sophia’s influence, which at the present time (last part of the age of Pisces) is streaming in from the world of the fixed stars, is already beginning to be received by our solar system. In the words of Daniel Andreev, this is giving rise to a new culture here on the Earth, the Sophia culture known as *the Rose of the World*, a culture of peace and brotherhood/sisterhood.

Often the question is asked: Why is there so much evil in the world? From an evolutionary standpoint it can be said that the "mission" of evil is to call forth the good. The more that darkness and evil prevail in the outer world, the more Sophia—if we open ourselves to Her—is with us as light and goodness, and the more She may be experienced in our hearts, and in our thoughts and prayers, as a real presence in daily life.

In some of his last lectures, Rudolf Steiner indicated that a world crisis was upon us. Humanity is increasingly presented with a wide range of issues of moral concern—for an example, with regard to our health and freedom, as well as the well-being of Mother Earth. It becomes increasingly important that we come to understand the spiritual reality behind this crisis, and through this awakening to equip ourselves to be guided through it. This world crisis is of such magnitude that humanity cannot, of its own accord, resolve it. We need the help of the spiritual world. The process of coming to know the guiding spiritual beings who work into world evolution is complex and far-reaching. In this workshop we will have the possibility of coming into a resonance with higher spiritual beings as we dance cosmic dances to create an etheric temple here on earth into which they can work.

Languages spoken by Robert in the International Choreocosmos Week:

English and German, with translation into Italian by Uberta Sebgondi.

The arrangement with three languages (English, German, Italian) is a step toward bridging cultures in a cosmopolitan way. The language of Cosmic Dance is universal—expressed through eurythmic movement and gesture (the Greek word Eurythmy signifies “harmonious movement”)—a cosmic language.

[See separate announcement concerning the 6-8 Aug 2021 Choreocosmos Graduates Gathering “Foundations of Choreocosmos: Sophia School”]

Choreocosmos – from the Greek meaning **cosmic dance**:

- Comprises dancing the patterns of the starry heavens and also movement to sacred texts, prayers, and liturgies
- Derives from the cosmic aspects of eurythmy, an art form introduced to the world by Rudolf Steiner during the first quarter of the twentieth century, bringing to expression – through movement and gesture – the invisible life forces of the cosmos and nature
- Awakens healing rhythms and harmonies through the gestures and forms of eurythmy
- Attunes participants to the cosmic dimension of Divine Love and Divine Wisdom, offering a path toward spiritual awakening and cultivating an awareness of the weaving together of the holy substance of Love and the divine essence of Wisdom foundational to all creation.

In eurythmy we are renewing the primeval temple dance of the Mysteries, mirroring the dance of the stars...of that which was spoken...from heaven down to human beings. One must once again discover...the essence of spiritual knowledge.

~Rudolf Steiner
