During a conversation with a group of people working with the *Lord's Prayer Course*, the question arose: "Can we pray for forgiveness for all the atrocities that have occurred and continue to occur on this planet, the memories of which are stored in the Earth?" In response to this question and the enthusiasm from those present, "Forgiveness as a Spiritual Deed for the World" is in formation. Forgiveness is the primary virtue and guiding principle needed for healing our world. It is among the most pressing spiritual concerns of our time and has the potential to be of immeasurable significance as a seminal method of furthering human evolution. Due to its potential to transmute karma, forgiveness plays a unique role in human relations and the world karma of humanity. The whole organism of the earth suffers from every immoral and harmful deed perpetrated by humans, and as individuals every such act we commit affects the whole earth. The Earth cannot continue to progress in its evolutionary path under the accumulating weight of humanity's transgressions.

Thursday evening: 7:30 - 9:00 p.m. *The Metaphysics of Forgiveness and the Transmutation of Karma*

The metaphysics of love and forgiveness requires a collaborative effort between human beings and the activity of spiritual beings that actively engage in the evolution of life on the Earth within the law of karma. An act of forgiveness creates a means of experiencing divine love. The experience of being forgiven leads to cognition of the reality that in bestowing forgiveness upon another an agency of divine magic occurs, the science of love. Divine Love must be active in the souls and deeds of those whose misdeeds are blotted out from our external world by Christ.

Friday morning, 11:45 a.m. - 1:00 p.m.

Forgiveness: a Threshold for Karmic Healing
Forgiveness breaks the chain of causality because she who forgives you — out of love — takes upon herself the consequences of what you have done. Forgiveness, therefore, always entails a sacrifice

—Dag Hammarskjöld.

We have the power to be each other's redeemers. The experience of being forgiven lifts us to a new dimension of life, to a higher, more subtle frequency of consciousness where we experience a veiled encounter with Christ, the Lord of Karma.

Forgiveness as a Spiritual Deed for the World
The collective karma of humanity that exists on the cosmic plane imposes a weighty consequence to the Earth. Even though human souls have the ability to balance their individual karma, the collective guilt of humanity's misdeeds continues to live on the cosmic plane, working in the Earth. How can we become agents of Christ in transmuting the karma of humanity?
