

FOUNDATION STONE OF LOVE—100th ANNIVERSARY  
CHRISTMAS 2023—NEW YEAR 2024 CELEBRATION  
A GREAT HOLY FIRE OF DIVINE LOVE

*A new wave is coming from the cosmos—the wave of Divine Love.  
It is also called the “wave of fire,” which will purify the world—*

*Prophecy of Peter Deunov* by Robert Powell and Harrie Salman

The human being, together with the Earth, is evolving into a higher order of existence. Now is a time of purification—the opportunity to work with the powers of Divine Love.

From my astronomical research it is possible to understand that the new wave of Divine Love prophesied by Peter Deunov will emanate from the Galactic Center, also known as the Central Sun. On December 18/19, 2023, our Sun will be aligned with the Central Sun at the heart of our galaxy. Coming from the Central Sun at the Galactic Center, Divine Love and Mercy may flow in to transform the current turmoil here on Earth. The above-quoted words of the Master Beinsa Douno (Peter Deunov) may begin to become realized at the alignment in December this year of our Sun with the Galactic Center.

It was almost exactly one hundred years previously that Rudolf Steiner communicated words he had received from Christ—words of the Foundation Stone of Love heralding Christ’s second coming—which he then addressed to about 800 people on the morning of Christmas Day 1923. It is not known exactly when Rudolf Steiner received these words from Christ. Given that the Foundation Stone of Love originated from the Central Sun at the heart of our Milky Way galaxy, it is possible that Rudolf Steiner received these profound words of Christ on December 18, 1923, when the Sun was aligned with the Galactic Center—that

is, possibly he spiritually received the words of the Foundation Stone of Love from Christ on that day.

Considering that such impulses born from the Divine resurrect exactly  $33\frac{1}{3}$  years later, which, as described in my book *Chronicle of the Living Christ*, was the precise age of Christ Jesus at his resurrection, there is subsequently—in the case of extremely significant spiritual events—a resurrection also  $3 \times 33\frac{1}{3} = 100$  years later. “One recognizes the intensity of an impulse...in its effectiveness...through a whole century” (Rudolf Steiner, Complete Works, vol. 180, lecture of 26 December 1917).

In other words, it is possible that the Christ Impulse underlying the giving of the words of the Foundation Stone of Love in 1923 will be resurrected in 2023, which is a primary reason for our 2023/2024 gathering in Quito (Tumbaco) to celebrate this. And wherever one may be, it will no doubt be significant to celebrate this resurrection impulse from December 18/19, 2023 onward, during the Twelve Holy Nights 2023/2024, in recognition of the possible fulfilment of the above words of Peter Deunov concerning “the wave of Divine Love.”

For those who are able to attend the 2023/2024 workshops in Quito (Tumbaco), our purpose in gathering together is to celebrate Divine Love as the very foundation of all future existence.
